#### Client

Our Client is a Canada based company who promotes Zen and Buddhist thought around the world through publications adapted to Western lifestyles and by providing meditation service & teaching.

#### **Industry**

Healthcare

### **About Client**

Our client is a meditation trademark of one of the leading company based in Canada. Our provides an array of meditation services to its customers with their meditation classes, which proves to be effective and allows the customers to be calm, focused and stress free. Our client also provides meditation CD's. Their meditation CD's are sold in over 50 countries and they have thousands of satisfied customers using it.

### Challenge

Our client approach us with a requirement of a complete new website, web application and iPhone application for their meditation application and website.

Website – Our client wanted us to develop a website that perfectly describes its industry and addresses its targeted audience. Moreover, our client's asked for a bilingual website integrating the languages French, Deutsch, Espaniol and English. Besides, our client's range of products includes Meditation CD's and Books, hence our client also asked for integration of online payment gateway that allows the customers to buy their products online.

Web Application – Our client wanted the web application to be linked with the iPhone application that can allow the customers and users to view their meditation records, statistics and profile from the web application.
